

## **Safety Video Transcript – December 2020**

(Footsteps)

Of the 7 Wonders of the World

none are in New Zealand!

So today, let's make submissions for the 8<sup>th</sup>.

And the obvious choice is Milford Sound.

Raglan!

Wellington!

Cardrona!

There's more than just the North and South Island.

Tairāwhiti!

South Island's where it's at! Aye Moeraki?

(Chairs squeaking)

Don't forget Taumata whakatangihanga kōauau o Tamatea turi pūkaka piki maunga horo nuku pōkai whenua ki tana tahu.

Woah

Impressive

Ooo

Taranaki!

It's Waitomo Caves!

(yelling)

Woah woah woah.

Why don't we visit some of these places?

That way you can see them for yourselves.

Are we gonna be in a safety video?

Wahoo

Kia ora and welcome aboard this Air New Zealand flight.

It's important you obey all crew member instructions, placards and illuminated signs.

All loose items should be stowed in the overhead locker or under the seat in front of you.

Seatbelts fit low and tight across your hips.

Keep them on throughout the flight.

If an emergency were to happen during take-off or landing...

...tighten your seat belts and place your forehead against the seat in front.

Put your feet back and firmly on the floor and hold your lower legs.

Okay, my submission...

...is the coolest 8<sup>th</sup> wonder there is.

See what I mean!

(Echoes)

If you need air oxygen masks will fall from above.

Place it over your nose and mouth, and fit the headband.

Make sure your own mask is fitted before assisting others

(Choir sings)

I see your glaciers and I raise you this.

It's pretty wonderful.

Your life jacket is within easy reach.

It's under your seat.

They're easy to fasten sitting down.

We've got lifejackets for everyone, even infants.

Hang on, the 8<sup>th</sup> Wonder's just a quick flight from Invercargill.

And I don't wanna brag

but this seafood 'mwah'

While the smoked salmon here might be the best in the world,

smoking is not allowed anywhere on this flight, including the lavatories.

We're a Dark Sky Sanctuary,

and once you've had your dinner,

it's time for the show.

The Aurora Australis.

If we need to evacuate the aircraft,

emergency escape path lighting will show you the way to the exit.

Look up, your crew are now pointing out your exits.

They could be behind you. Count the rows to your nearest exit.

(Conch blowing)

This 8<sup>th</sup> Wonder of the World is known as the first place in the world to see the sun.

This is going on my gram.

(Camera click)

Lightweight handheld electronic devices can be used at any time but must be switched to flight mode first.

Stow larger items in the overhead locker

or in a bag underneath the seat in front.

For more information, have a look at the safety card in the seat pocket in front of you,

or ask your flight attendant.

So, do we have a decision?

Franz Josef Glacier.

Waitomo!

Napier!

Abel Tasman!

(Mumbling)

(Mumbling)

New Zealand! It's the whole country.

Aotearoa, The 8<sup>th</sup> Wonder of the World.

Works for me.

Chur bro, that's the one.

(Cheers and applause)

As you can see, there's so many wonders in Aotearoa.

And to all our passengers, thanks for flying Air New Zealand.

Next on the agenda...

'Yeah nah' does it mean 'yeah' or 'nah'?

Yeah it means 'nah'

Nah it means 'yeah'

**END**
